

Music Department

Music at most assemblies, class plays, and evening performances is provided by McLane's Music Department. This year, as in the past, the various groups that comprise this department have brought many honors to McLane. For example, in the Central California Music Education Conference hosted by McLane three of our groups won superior rating. Our capable music directors, Mr. Barkman and Mr. Buyuklian, have worked diligently with students to produce groups that McLane is very proud of.
