

art service club

The members of the Art Service Club have discovered a way to have fun and serve our school at the same time. They do this by making posters and decorations for the various school functions. The many hours spent after school at work on the revolving mirror sphere were well rewarded when it made its first appearance at the Christmas Formal. It will be used at all formal dances in the future, adding a special touch to the decorations. The Art Service Club is also developing plans for a mosaic mural, to be placed on the east wall of the cafeteria.

Mrs. Lassig and Mr. Gomas, Sponsors.
