Backfield Coach Jack Skadden

"I felt the team had a very successful season." This was Head Coach Vico Bondietti's comment about his mighty McLane Varsity Football team, which finished the 1962 football season with a 3-3 record. In addition to this, the Varsity squad clinched a tie for the City Championship, placed seven men on the All-City team, more than any other school, and placed six players on the NYL All-Star team. The two highlights of the season were the East Bakersfield and Roosevelt games. Both of these teams were the champions of their league and both fell before the powerful McLane eleven.

At the annual fall sports banquet awards were received by the following Varsity players: Paul Rohrer, captain; Jim Lynch, most valuable; and Jack Garner, most persevering. The following boys were named to the All-City team: Kelly Douhan, Mike Freeman, Paul Rohrer, Mike Jefferies, Frank Kerby, Jim Lynch and Rich Marcy. All of these except Rohrer were also named to the league All-Star team.

"Somebody has to wear that number."
